Nurturing Spiritual Development at Summer Camp

Thursday, October 27th – Sunday, October 30th, 2011

St. Dorothy's Rest, Camp Meeker, CA

For Episcopal Summer Camp Directors and Summer Program Staff

Most Episcopal camps have a strong spiritual component. This training is designed to enhance what you are already doing, and to help you and your staff be more intentional, confident and effective in providing this experience for children.

Your summer staff will ***gain a better understanding*** of Christian formation, and learn how to be more effective in nurturing the spiritual development of their campers. This training program will ***provide*** the awareness, tools, and resources program directors and senior program staff need to do their job well, and it will ***prepare*** them to train all of your summer program staff to nurture Christian formation in a way that is both comfortable for them, and enriching for the campers.

This is also a great opportunity to meet and network with summer camp staff from other dioceses -- a chance to share experiences and gain new ideas to bring back to your camp!

Even if you have attended this training before, you are encouraged to return...
